

Mission Statement - Vision & Values

✓ **Mission Statement**

The Children's Hospital School seeks to minimise the interruption and disruption to children & young people's education so that academic progress and an interest in learning will continue, as far as their health permits.

In order to fulfil the above we aim to:

- ✓ Provide personalised, challenging, enjoyable & innovative learning opportunities
- ✓ Make learning an integral part of children's & young people's stay in hospital
- ✓ Foster the values of friendship and determination
- ✓ Prepare and empower pupils in the present & for the future
- ✓ Support, nurture and value families and their support networks

The above 5 statements of strategic intent form the basis of all our school improvement planning and self-review process.

Reflecting GOSH/UCLH Trusts' visions and values:
